# Your Community Food Co-ops

*Community Ownership,  
Democratic Control,  
Quality, Affordable Food*

*A resource on New England food co-ops presented by the*

## Funding Co-ops, Supporting Communities

The Cooperative Fund of New England (CFNE) is a revolving loan fund that supports grassroots, community-controlled economic development in New England. Organized in 1975 through the efforts of cooperative activists and social investors, the Fund provides vital resources and support to co-ops and nonprofit organizations that serve their communities.

You can help support cooperative development in our region by investing in CFNE or making a tax deductible contribution, by encouraging your co-op or community organization to apply for a loan from CFNE, or simply by purchasing products from cooperative businesses in our region. When you shop at a food co-op, you're supporting a very different kind of grocery store – one that is democratically owned and controlled by its members and organized to serve the needs of people before profit. Please consider becoming a member of your local co-op and put your dollars to work in your community. For more information, please visit our website at [www.coopfund.coop](http://www.coopfund.coop).
